29 March 2017

Dear Chair of Governors,

### **How we will support St Giles Junior School in response to it meeting the coasting definition**

Thank you for your response to my letter of 12 January 2017. I am grateful for the information you provided setting out the actions you have taken and intend to take to bring about rapid improvement.

I have now reviewed the information you have provided alongside your school's wider context, achievement and overall provision. The evidence shows that while you are working to address a number of key challenges, you would benefit from some additional support to meet these challenges

I believe St Giles Junior School would benefit from leadership support in order to improve. There will be some funding made available later this academic year and it is my intention to engage Teaching Schools to provide tailored support with the objective of improving performance at St Giles Junior School. My next step will be to assess your progress in the summer term, ensuring that the necessary support has been secured.

I look forward to reviewing your school's progress over the course of this academic year, and I would like to take this opportunity to thank you for your continuing work to ensure that all pupils receive the support they need to succeed.

Kind regards,

Christine Quinn,  
Regional Schools Commissioner, West Midlands
